

## DCCC INTERNSHIP PROGRAM

Welcome to the gateway of hands-on experience and growth opportunities at the Danish Chamber of Commerce (DCCC)! Our internship program invites you to embark on a journey of professional development and personal growth, where you'll play a pivotal role in shaping the future of our organization while honing your skills and expertise.

### **About Us:**

At DCCC, we're dedicated to fostering strong ties between Danish businesses and China, advocating for our members' interests, and facilitating knowledge sharing and networking opportunities. With deep-rooted connections in both the Danish and Chinese business landscapes, we're proud to be one of the leading Chambers of Commerce in China, supported by the Ministry of Commerce (MOFCOM) and the China Council for the Promotion of International Trade (CCPIT).

### **Our Mission:**

Our mission is clear: to equip emerging talents like yourself with the tools and experiences needed to thrive in today's fast-paced business landscape. As an integral member of our team, you'll have the autonomy to contribute ideas, drive initiatives, and make a tangible impact on our organization's success.

### **What You'll Do:**

- **Event Management and Marketing:** Deep-dive into the world of event management and marketing, where you'll be responsible for planning, promoting, and executing a variety of offline and online events. From event postings and promotions to venue coordination and contract management, you'll gain hands-on experience in every aspect of event planning and execution.
- **Project-Based Learning:** Immerse yourself in hands-on, project-based learning, where you'll take ownership of meaningful projects and initiatives that align with your interests and career goals.
- **Mentorship and Support:** Benefit from a robust mentorship and support system, with access to experienced professionals for guidance, mentorship, and networking opportunities with industry leaders.
- **Networking Opportunities:** Attend networking events, workshops, and industry conferences, gaining exposure to key players in the Danish and Chinese business communities and expanding your professional network.

### **What We Offer:**

Join our dedicated Secretariat team and spearhead events across North, East, and South China. Based in the Beijing office and overseen by the DCCC Secretary General, you will be gaining invaluable insights and experiences that will set you apart in the competitive job market.

## **Who We're Looking For:**

Whether you're a student or a recent graduate in Business Administration, International Trade, or Communication, we welcome individuals with diverse backgrounds and skill sets to apply. Proficiency in English and Chinese, at least one at a native level, is required.

## **Your Commitment:**

This is more than just an internship—it's a journey of growth and discovery. We encourage interns to immerse themselves fully in the experience, committing to a duration of 6 to 12 months. During this time, you'll have the opportunity to deepen your skills, expand your network, and make meaningful contributions to our organization's mission. While the role offers flexibility, occasional tight deadlines may arise, reflecting the real-world demands of our industry.

As the current regulations do not allow organisations to offer internship visas, you must either have a Chinese ID card, a Chinese Green Card, or be a foreign student with an existing X1 visa to be converted to an internship visa.

## **Compensation and Benefits:**

We believe in recognizing the value of your contributions. As an intern with DCCC, you'll receive a monthly compensation of 2000 Rmb, along with opportunities for professional development and networking.
